International Sports Calendar for 2020-21

▣ It has been a wild year thanks to the coronavirus, which has wiped out much of the worldwide sports calendar – including the Olympic Games – in 2020. But we are seeing sports start up again, so it's time for a new edition of our International Sports Calendar.

This list has 526 events from October 2020 through 30 June 2021, plus a few events beyond, for sports on the Olympic and Olympic Winter Games program. Two calendars are offered: first, in chronological order (pp. 2-12) and second, by sport (pp. 13-24).

These are based on publicly-available sources as of 5 October and ***will absolutely change*** thanks to the unsettled nature of the coronavirus. Please do not hesitate to send amendments or corrections to Editor@TheSportsExaminer.com! Users should double-check events with the current calendars of the relevant international, regional or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations:
