International Sports Calendar no. 4 for 2021

▣ Against long odds, both the Games of the XXXII Olympiad and XVI Paralympic Games were successfully held in Tokyo, but the coronavirus continues to play havoc with the international sports calendar. Hopefully, 2022 will be a year of less tumult and more stability.

Our new listing, updated from our 1 May 2021 edition, shows 743 events for the remainder of calendar year 2021 and through September 2022, for sports on the Olympic and Olympic Winter Games program. Two calendars are offered: first, in chronological order (pp. 2-17) and second, by sport (pp. 18-34).

These listings are from publicly-available sources as of 1 September 2021 and ***will continue to change*** thanks to the virus. Please do not hesitate to send amendments or corrections to Editor@TheSportsExaminer.com! Users should double-check events with the current calendars of the relevant international, regional or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations (? = unsettled dates):
