International Sports Calendar no. 1 for 2022

▣ Even as the coronavirus continues to shuffle the international sports calendar heading into 2022, here's an updated – and long list – of events for the coming year.

Our new listing, updated from our 5 September 2021 edition, shows 832 events for the end of calendar year 2021 and through December 2022, for sports on the Olympic and Olympic Winter Games program which have published their 2022 listings (some have not!). Two calendars are offered: first, in chronological order (pp. 2-19) and second, by sport (pp. 20-38).

These listings are from publicly-available sources as of 27 December 2021 and ***will continue to change*** thanks to the virus. Please do not hesitate to send amendments or corrections to Editor@TheSportsExaminer.com! Users should double-check events with the current calendars of the relevant international, regional or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations (? = unsettled dates):
