International Sports Calendar for 2023

▣ The international sports scheduled has returned to its usual, crowded state for 2023, with events scheduled everywhere except Russia and Belarus – due to the Russian invasion of Ukraine – and starting to return to China.

This new listing, updated from our 22 October 2022 edition, shows 929 events during calendar year 2023 (and a few more into 2028), for sports on the Olympic and Olympic Winter Games program which have published their 2023 listings. Two calendars are offered: first, in chronological order (pp. 2-21) and second, by sport (pp. 22-42).

These listings are from publicly-available sources as of 1 January 2023 and ***will continue to change*** for various issues and Russia. Please do not hesitate to send amendments or corrections to Editor@TheSportsExaminer.com. Users should double-check events with the current calendars of the relevant international, regional or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations (? = unsettled dates):
