## International Sports Calendar no. 2 for 2023

▣ Fans have returned to most international sporting events, so the international sports calendar has almost returned to normal in 2023.

This new listing, updated from our 1 January 2023 edition, shows 651 events for the remainder of calendar year 2023 plus multi-sport events into 2028, for sports on the Olympic and Olympic Winter Games program which have published their calendar listings. Two calendars are offered: first, in chronological order (pp. 2-15) and second, by sport (pp. 16-30).

These listings are from publicly-available sources as of 20 March 2023 and ***will continue to change*** for various reasons. Please do not hesitate to send amendments or corrections to [Editor@TheSportsExaminer.com](mailto:Editor@TheSportsExaminer.com). Users should double-check events with the current calendars of the relevant international, regional or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations (? = unsettled dates):
