International Sports Calendar no. 4 for 2025

▣ A heavy winter-sports schedule will lead into the 2026 Olympic Winter Games in Italy, but there's no let-up in summer-sports action into 2026.

This new listing, updated from our 8 July 2025 edition, shows 850 events for the remainder of 2025, through 31 October 2026 and some added events as far as 2034, for sports on the Olympic and Olympic Winter Games program which have published their calendar listings. Two calendars are offered: first, in chronological order (pp. 2-19) and second, by sport (pp. 20-38).

These listings are from publicly-available sources as of 7 October 2025 and **will continue to change** for many reasons. Please do not hesitate to send amendments or corrections to Editor@TheSportsExaminer.com. Users should double-check events with the current calendars of the relevant international or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations (?? = unsettled dates):
