International Sports Calendar no. 1 for 2026

▣ The 2026 Olympic Winter Games in Italy is almost here, but there is a heavy winter-sport schedule ahead of it and no let-up in summer-sports action in 2026.

This new listing, updated from our 7 October 2025 edition, shows 910 events through 2026 and some added events as far as 2034, for sports on the Olympic and Olympic Winter Games program which have published their calendar listings. Two calendars are offered: first, in chronological order (pp. 2-21) and second, by sport (pp. 22-42).

These listings are from publicly-available sources as of 2 January 2026 and ***will continue to change*** for many reasons. Please do not hesitate to send amendments or corrections to Editor@TheSportsExaminer.com. Users should double-check events with the current calendars of the relevant international or national federation to ensure up-to-date information.

The country codes are those used by the International Olympic Committee (more [here](#)). Other common symbols and abbreviations (?? = unsettled dates):
